

# HOW TO CONSULT THE USER AND MAINTENANCE MANUALS AND THE ON-LINE SPARE PARTS CATALOGUE

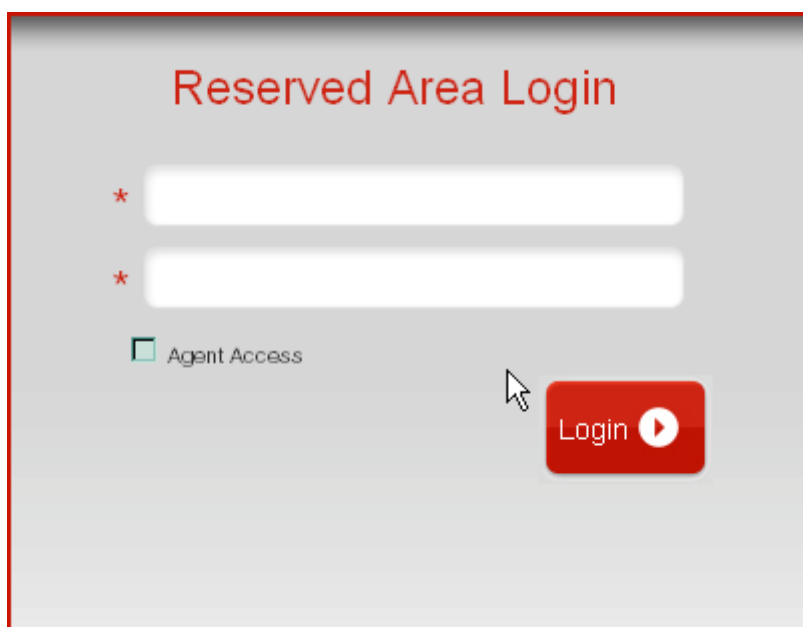

The spare parts catalogue for your machine can be browsed on our website [www.breton.it](http://www.breton.it).  
**To view you must have Internet Explorer installed on your computer.**

## 1. ACCESSING THE ON-LINE CATALOGUE

### 1.1 Enter CUSTOMER LOGIN area.

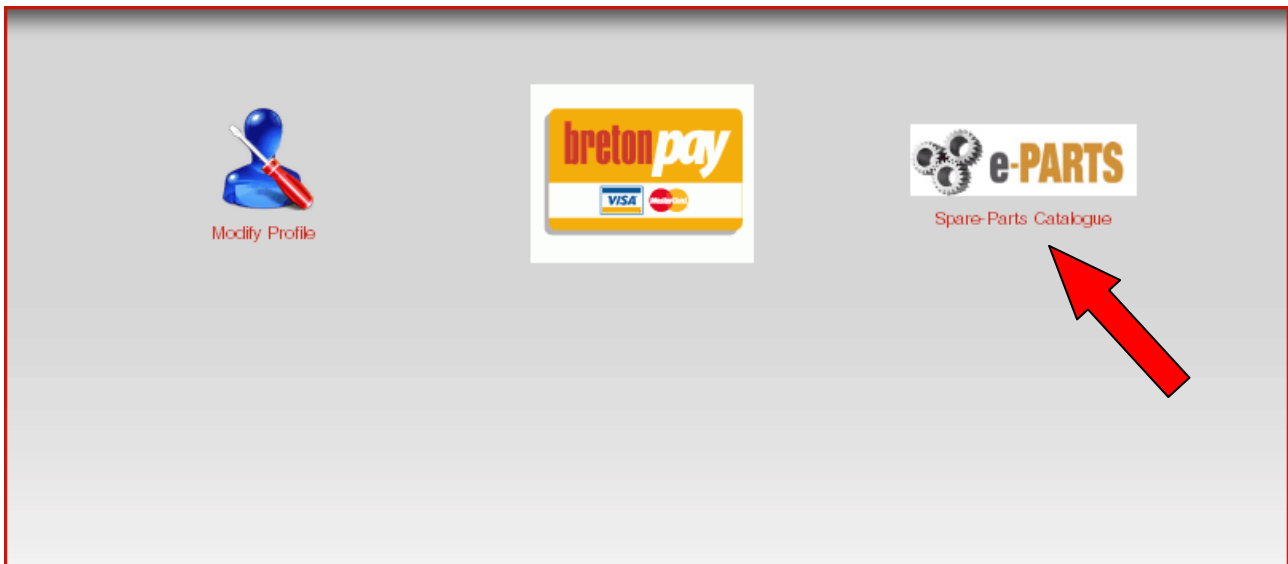

### 1.2 Log-in with customer ID and password

The image shows a login form titled 'Reserved Area Login'. It contains two input fields for user ID and password, each with a red asterisk to its left. Below the input fields is a checkbox labeled 'Agent Access'. A red 'Login' button with a white play icon is located at the bottom right of the form.

### 1.3 Open the “e-PARTS” SPARE PARTS CATALOGUE.

After the first access we advise you to change the password that was assigned to you by the system using the change profile function.

The language will be the same as your browser settings.  
The menu bar at the bottom right-hand corner of the screen has a drop-down button to select a different language.

When in the HOME PAGE your orders are divided into two sections:  
The first section lists the orders available for interactive browsing of the spare parts catalogue.  
The second section lists the orders in PDF format.  
In addition to the spare parts catalogue, the user and maintenance manuals, operating manuals and wiring diagrams are also available.

## 1.8 The contents of the shopping basket can be viewed from the top menu bar

The shopping basket lists the products that have been selected while browsing the Catalogues.

The shopping basket window offers the following functions:

- Empty basket: Click on the **"Empty basket"** button to erase the whole the shopping basket and delete all the products it contains.
- Save basket: This saves the current shopping basket so it can be recovered later by the "Load basket" function
- Load basket: This opens a shopping basket that was previously saved
- Print estimate: Click on the **"Print estimate"** button to open a new window with a pdf file of the shopping basket details. To use this function you must have Acrobat Reader installed on to be installed on your computer.

The image shows a screenshot of the Breton website's shopping basket page. The top menu bar includes HOME, HELP, PRINT, BASKET, SEARCH, OFFERS AND SPARE PARTS, and ORDERS. A red arrow points to the 'BASKET' link. Below the menu bar, there is a breadcrumb trail: home > C80121 > OMAC585771 > PVMA009346-1540-XXXX (35286) > 1540-XXXX > 1540-0004 > 1540-XXXX. To the left of the breadcrumb trail is a small image of a red flower in a field.

The main content area is titled "Shopping basket". It displays the order line: PVMA009346 - 1540-XXXX (35286). Below this is a table with the following columns: Code, Description, Quantity\*, and Price.

## 2. SEARCH FUNCTIONS

### 2.1 Finding parts with the SEARCH CONSOLE.

The SEARCH CONSOLE menu to the left of each Spare Parts Catalogue screen allows you to search for any kind of item in the Spare Parts Catalogue:

- Search by machine order number
- Search by machine serial number
- Search by assembly code
- Search by part code
- To run a search enter the number/serial number/code in the Code box, select the type of item you are looking for and the level to search, then click on the Search button.

The screenshot displays the 'SEARCH CONSOLE' interface. At the top, there is a header area with a red flower image and the following text: C78918, PYTHAGORE SARL, OMAC585293, N.1 CONTOURBRETON MOD., NC 260 K23. Below this is the 'SEARCH CONSOLE' section. It features a 'Code' input field with the value '31565'. Below the code field is an 'Object type' dropdown menu with the following options: Order, Machine number (highlighted), Assembly, and Part. At the bottom of the search console is a 'Search' button. Two red arrows are overlaid on the image: one pointing to the 'Code' input field and another pointing to the 'Search' button.

### 2.2 Search from the top menu bar.

This function offers two search mode options:

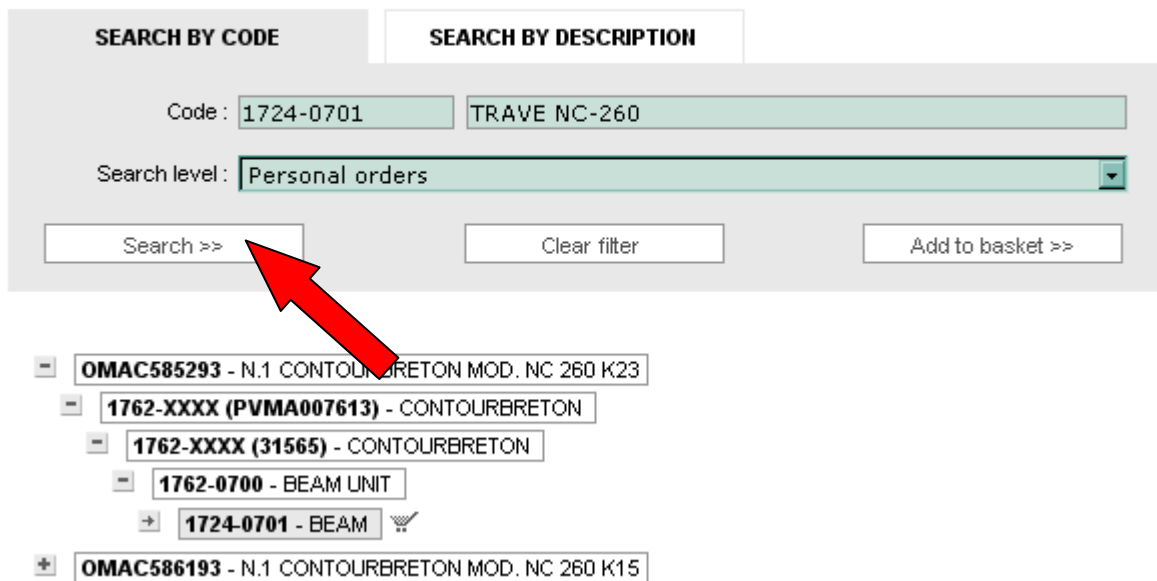

Search by CODE will give all available information related to a given product code.

- Enter the product code in the first dialog box
- Click on the **SEARCH** button in the bottom left corner.
- If the search finds any results the product details and a list of the machines/assemblies that mount the product are listed.

Click on the product code to view the complete table or on  to add the product to your shopping basket

### Search for parts

Insert the product code to show the applicability. Use the "Search level" filter to refine the search.

### 3. MULTIMEDIA DOCUMENTS

The machine code may offer attachments with multimedia files containing films with user, assembly or maintenance guides.

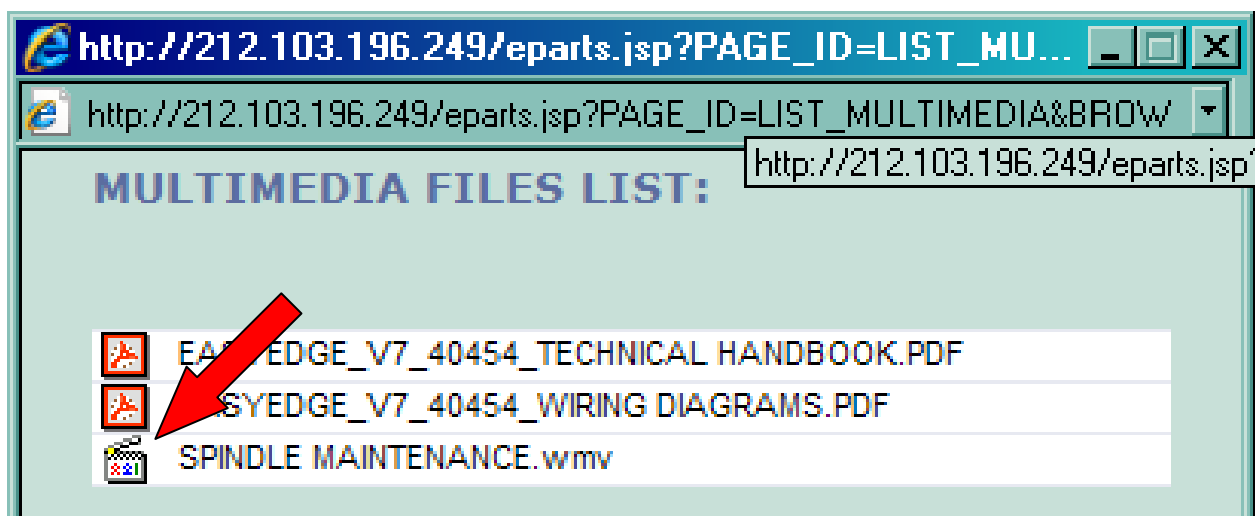

When the machine has been found click on link box with a clip icon:

The screenshot shows the Breton website interface. At the top, there is a navigation bar with links: HOME, HELP, STAMPA, CARRELLO, RICERCA, and OFFERTE E ORDINI RICAMBI. Below this, a breadcrumb trail reads: home > cliente C80121 > ordine OMAC585771 > elenco macchine PVMA009346-1540-XXXX (35286). The main content area is titled "Elenco gruppi e componenti" and includes a sub-header: "In questa sezione e' possibile visualizzare l'elenco dei componenti appartenenti alla tavola scelta. Cliccando su un codice e' possibile visualizzarne gli ulteriori componenti nel caso si tratti di un gruppo scomponibile." Below this, there is a search bar containing "PVMA009346 (35286) - EASYEDGE MOD. V7". A table lists the components:

Pos.	Codice	Descrizione	U.M.	Quantità	Prezzo
